 Accuratus - Bluetooth Mini Tough and Waterproof IP66 Handheld Barcode Scanner

About

Touch trigger

Compatible & Reliable:
 Mini barcode scanner can be paired with almost any bluetooth device such as PCs, smart phones & tablets. Fast & fuzzy decoding capability to help read bad or deformed barcodes.

WATERPROOF

Waterproof:
 BCS650 operates perfectly in rainy or even extreme wet environments. (Can actually be fully submerged in water)

Scratch resistant

Hygienic:
 Because the barcode scanner is waterproof it can easily be hygienically disinfected using alcohol.

Low & High Temperature:
 Operates well under both low & high temperature conditions (-2°C to 59°C (28.4°F to 138°F)

Compact:
 Very small in size. Small enough to fit in your pocket. Easy to handle, not too small to hold comfortably.

Shock & Scratch Resistant:
 Tough casing for operation even in more punishing environments. (Shock resistance: 1.5m/4.9ft)

Battery Life:
 1650mAh high capacity battery. Over 8 hours operating and 3 days standby.

Specifications

- Bluetooth wireless 2.1 + EDR (Enhanced Data Rates) with a 10m range
- Impact resistance: During operating temperature, 1.5m/4.9ft, around 6 drops onto concrete
- IP66 rating, the device can be fully submersed in water
- LED Notifications: Read (Green) , Connected (Blue), Low Power (Red)
- Scan & Power On/Off input buttons
- High capacity 1650mAh internal battery, Standby mode - over 3 days, Normal operating time over 8 hours
- Power Usage: Trigger mode: 90 mA (scanning), 15 mA (standby)

PERFORMANCE CHARACTERISTICS

- Light Source: 650 nm visible laser diode
- Scan Speed: 100 scan lines per second
- Scan Angle: 42° ± 2 nominal
- Depth of Field: 0 ~ 50 cm
- Print Contrast : 0.3 minimum reectance dierence
- Resolution: >0.1mm
- Decode Capability: UPC/EAN/JAN with add-on 2/5, Code 39 full ASCII, Code, 128, Codabar, Code 93, Code 11, ITF 2/5, MTX 2/5, IND 2/5, ISBN/ISSN, China Postage, MSI/Plessey, IATA

Physical Specifications

- Dimensions: 118.92 x 51.53 mm (l x w)
- Weight: 110g
