Accuratus 8000 –Bluetooth® 3.0 Wireless All in One Media Touchpad Keyboard with Gesture Controls

About

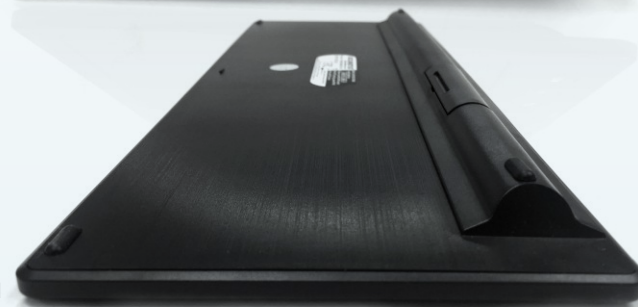

The Accuratus 8000 Bluetooth® touchpad keyboard offers an all in one wireless keyboard and mouse solution so that you can enjoy total control of your computer*, laptop, tablet** or some TV's, without the hassle of multiple devices. *Windows & Apple Mac, **tablet (iOS *doesn't support mouse & Android). The 8000 has an integrated extra large 4.5" touchpad featuring multi gesture features such as mouse clicks, scroll, zoom and Windows 10 charms for easy mouse navigation.

The 8000 has been specifically designed with a UK keyboard layout in Windows, Mac and Android layouts all in the same unit, making it perfect for those with multiple devices using different operating systems. The keyboard has full size keycaps that have high quality easy read legends with a durable UV coating, offering excellent product life. Underneath the keys is our ultra reliable scissor key mechanism technology, this offers a very smooth and comfortable typing experience. The Accuratus 8000 features 13 one touch multimedia function keys for easy media playback / volume adjustment and also handy shortcuts to lock your device as well as cut, copy and paste.

With a Bluetooth® wireless connection and upto 10 metre range, the 8000 touchpad keyboard is perfect for any situation that requires an all in one wireless keyboard, home, mobile, travel, office, media centres, tv's, tablets, in vehicles and many other environments.
