Accuratus K540XS - Professional Sealed Ultra Rugged Mini Touchpad Keyboard with Rubber Keys & Adjustable LED Backlighting

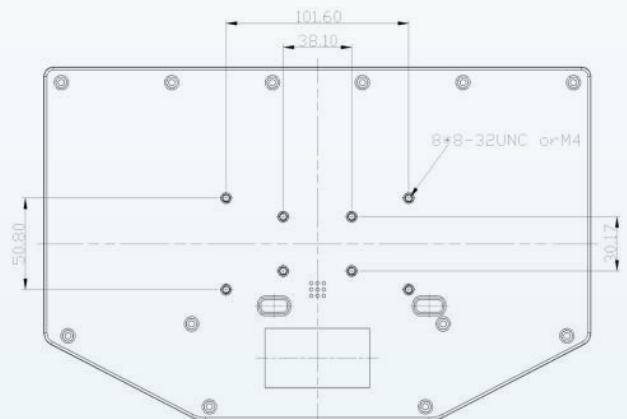

### About

The Accuratus K540XS is a mini keyboard based on our 540 model shape but built for harsh environments where a rugged and sealed keyboard is essential. The K540XS has an ultra rugged sealed rubber keyboard which is compliant with US military MIL STD 810, underneath this rubber keyboard are high quality full travel keys which offer comfortable and tactile typing. Perfect for darker environments too, the K540XS has red LED backlit keys with 8 levels of adjustable intensity perfect for in vehicle use or other environments which are dark and visibility is key.

The K540XS can withstand most things you throw at it, its made of a high quality material which offers the perfect combination of practicality, durability, comfort and flexibility. Ideal for many situations such as; factories, in vehicle use, military use, police cars, car garages, warehouses, workshops, laboratories, food environments, boats, the list goes on.
