Order Code: MOU-IMAGEBRAY-WH

Accuratus Image Blue Light - USB Blue Light High Resolution Slim-line Glossy Mouse

About

The Image Blue Ray blends style and precision into a mouse you can use on a daily basis. The blue light offers a higher energy of visible light with a wavelength between 400 and 450 nm allowing our mice to work on more surfaces than the traditional red light. The Image mouse is perfect for both left or right handed people. It has a low profile one piece button assembly, giving the product an almost perfect balance. Available in almost any colour the image mouse will fit perfectly into your lifestyle, get a match for your laptop, your office or your corporate identity...
